Woodlands Primary School

Reference: 101 / 2018

26 July 2018

Through Year Head

Dear Parents/Guardians,

EVERY CHILD A SEED PROGRAMME

We are pleased to inform you that your child/ward would be receiving a plant starter kit as part of the Every Child a Seed programme organised by NParks to involve school pupils in appreciating greenery.

2 In this programme, every Primary 3 pupil would receive a plant starter kit so that they can be given a chance to grow their own plant and experience the joy of seeing their plant grow. Each plant starter kit comprises a handbook, a pot, seeds and potting mix. The handbook contains simple instructions to teach the pupils how to grow and care for their plants. It also has activities to engage the pupils and encourages them to reflect upon the planting process.

3 We hope that you will take this opportunity to bond with your child/ward by planting the seeds with him / her and guiding him / her to record and track the growth of the plants in the plant journal.

4 Thank you for your support in the growth of your child/ward. We look forward to your continued partnership.

Yours sincerely,

Peh Michelle (Mdm)
Head of Department/ Science
